

MUSCLES AND MINDS™

We turn your child's school experience
around!

Does your bright child need a boost with school work? We can help your child turn his academic experience around with our tutoring and homework help programs. Our innovative and creative tutors/homework assistants excel in making learning fun and boosting your child's self-esteem and confidence!

Ms. Dianne Lounsbury, M.Ed.
Director of Education

PROGRAM ONE: Private tutoring with a certified teacher focuses on basic skills and concepts, trouble spots, organization, test preparation and motivation! It may not take long to get your child's confidence and skill level back with several sessions of individual help that is both focused and progressive. At the conclusion of the session, you will have a brief meeting with your child's tutor. (Fee: \$55.00/hour \$30/half-hour)

PROGRAM TWO: New program!!! Homework assistance with a high school senior who is both a successful student and an excellent mentor. If you find that it is difficult to work with your own child on assignment completion, flash cards, daily reading assignments, end-of-the week spelling tests or science projects - this may be the answer!

(Fee: \$30/hour session)
